

# Balogeri

**APPROACH:** Balogeri is 30km south of Kyparissi. From Kyparissi, drive to Harakas village, then to Lampkamos and Richea villages. At Richea, look for the sign pointing left towards Vlychada and Balogeri (or Mpalogeri). Turn left following the sign and drive on a narrow paved road for approximately 5km. Then, the road splits: left to Vlychada, right to Balogeri. Turn right. This soon turns into a smooth dirt road. Drive carefully until you come to a wide turn with a small side road off to the left. **GPS coordinates:** 36.841556, 23.050528. (The road continues about 200m further, but it is very rough and not suitable for most vehicles.) The beach and cliffs are visible from the parking area. Walk approximately 150m on the bumpy dirt road until you see a red sign on the left directing you down to the beach (the beach is called *Damos* on Google maps). Cross the beach and start up the path on the other side marked with blue paint and some cairns. **Walking time:** 15-20 mins.

1	DAMOS	<i>Compact grey slab and wall.</i>	3*	6a	15m
2	RICHEA	<i>A grey slab leads to a steep headwall.</i>	2*	7a?	15m
3	NEA ESTIA	<i>A steep upper part.</i>	2*	6c+?	15m
